Gas Speak Colloquium 2024

11 November– 13 November 2024

Canberra

The [Australian Gas Industry Trust](#) (AGIT) will again be conducting its renowned Gas Speak Colloquium. It will involve a 3-day workshop to be held in Canberra from **Monday 11 November to Wednesday 13 November 2024**.

The event continues the tradition of successful Gas Speak events held since 1982. Delegates will receive instruction in public speaking and advocacy, mix with industry leaders and colleagues, and learn about other parts of their industry. Gas Speak is aimed at the emerging leaders coming up through the gas industry. The objective of Gas Speak is:

“To encourage an awareness and knowledge of the gas industry in Australia by providing a forum for young people to present papers, chair sessions, conduct syndicate discussions and develop the art of self expression and communication.”

Delegates

Up to 30 gas industry delegate places are available, with applicants drawn from all areas of the industry - exploration/production, transmission, distribution and retail and appliance sectors.

Gas Speak is an extremely well-regarded development program for young gas professionals in the early stages of their career.

How to nominate

Managers are asked to nominate young emerging leaders who have had no management experience. The nomination form is below.

As part of this nomination, applications are to submit a 1-page CV outlining their background, education and experience. They should also include a paragraph on professional goals.

An organisation may submit multiple nominations, but AGIT will discuss the company's nominations with the relevant company manager prior to the determination of the successful candidates.

The below nomination form must be returned to AGIT by **Friday 6 September 2024**.

Selection

Nominations will be assessed by a committee to ensure there is broad participation from all industry sectors and a wide array of businesses are represented.

Delegates' Participation

The structure of Gas Speak 2024 includes elements of speaking, the art of pitching, how to manage and chair of sessions. Training in communication, speech writing and presentation will be given as part of the program.

Delegates will be required to prepare two short presentations prior to the event; these will be presented to an audience of delegates and mentors.

Each participant has a mentor from the senior gas industry representative who will give advice and feedback on delegate style and presentations.

Networking is also a key part of the event and delegates will be expected to attend all networking events.

Costs

There is no delegate fee to attend Gas Speak 2024, but costs for travel, accommodation and some meals will be the employer's responsibility.

All other costs will be met by the AGIT. Accommodation is reserved at a special rate at the Sebel Hotel, very near to the event space. Further details will be provided to delegates closer to the date.
